Reference is made to our letter dated April 8, 1988, and telephone call from Special Agent Jerome Campane of my staff on May 24, 1988.

As our April 8, 1988 letter explains, the Federal Bureau of Investigation (FBI) has completed its review and processing of documents subject to release to the Senate and House Select Committees on Intelligence. Most of the responsive documents have been given to the Select Committees; however some documents referred to originating Federal agencies for review have not been returned.

Our records show that as of this date, our office has not received a response from your Agency with respect to the above-referenced letter. We would greatly appreciate a prompt reply.

If you are unable to process these referred documents for any reason, please advise us of this fact as soon as possible so that we may be in a position to advise the Select Committees as to the status of responsive FBI documents that have been referred to your Agency. If you have any questions, feel free to contact Mr. Campane at 324-3464.
